Postdoctoral position offered at the laboratory of Amyloidosis and Myeloma (IDIBAPS)

The Institut d'Investigacions Biomèdiques August Pi i Sunyer (IDIBAPS) is a biomedical research consortium that aims to integrate state-of-the-art basic research and quality clinical research in order to acquire and transfer knowledge concerning the main health problems present in our society, with the final purpose of improving their prevention and treatment.

An IDIBAPS funded **postdoctoral position** is available for a project that focus on a comprehensive study on the immune reconstitution in patients with multiple myeloma in remission in order to investigate whether or not this restoration is associated with the emergence of oligoclonal bands and to a continued response, and to search common features that these patients can share with those with long-lasting stable monoclonal gammopathies of undetermined significance (MGUS). For this purpose, a wide spectrum of biological studies in peripheral blood and bone marrow will be done in patients with myeloma in remission and in partial response after transplantation or induction chemotherapy only, in comparison with patients with active disease. Finally, the cellular and molecular pattern of patients in remission and the status of patients with MGUS will be compared.

REQUIREMENTS

- ✓ PhD in Biology, Biochemistry, Biotechnology or related discipline.
- ✓ At least 2 years of post-doctoral experience.
- ✓ Strong publication record, with at least 2-3 first/second author articles in high impact journals.
- ✓ Previous working experience in cell culture, microarrays platforms, enzymatic assays, Western blot, flow cytometry, RT-PCR and miRNA and other non-coding RNA technologies in haematological and solid malignancies.
- ✓ The employed post-doc should be able to carry out experiments independently as well as to work together with other lab members, showing good team working skills.

CONDITIONS

- ✓ Period: 2-year position (full-time).
- ✓ Salary: 24.000€ (annual gross salary).
- ✓ Expected starting date: April 2014.

HOW TO APPLY
